January 16th, 2007 - Reporting from London UK - Quizam Media Corporation “Quizam” or “the Company”); Quizam Director Stephen Alexander, in charge of International Development, is delighted to announce that Abbey International, Southern African Licensee, has entered into a joint venture with **ORBES MEDIA** and its associates, South African's leading educational exhibition company, to develop Quizam software throughout South African's educational system. **ORBES MEDIA** are in partnership with **SABC EDUCATION** which is part of the Government owned South African broadcasting Corporation.

Mr. Alexander remarked, “This is a major strategic step for Quizam”

Quizam President Russ Rossi stated, “We are in the final stages of producing a modified South African version including local languages.”

About Quizam Media Corporation (www.quizam.com)

Quizam Media Corporation is currently launching sales of Quizam 2.0 Software, a compelling Computer-Based Assessment tool that utilizes time-tested quizzing methods to empower students to learn in an environment where their assessment is instantaneous and their learning curve is accelerated. Students that use Quizam learn faster and score higher. Quizam's mission is to empower over a billion school-aged children and university students globally with relevant, effective and fun study aids.
