January 24, 2006 – Vancouver, BC – Quizam Media Corporation (“Quizam” or “the Company”) is pleased to announce Honeoye Falls-Lima Central School District will use Quizam software to help students prepare for State exams.

The Honeoye Falls-Lima Central School District serves a student population of 2,748. The District includes four schools located on separate sites: Lima Primary (K-1); Manor Intermediate (2-5); Middle School (6-8); and High School (9-12).

Honeoye Falls-Lima District comprises 74 square miles and nine towns in three counties: Monroe County (Mendon, Henrietta and Rush); Livingston County (Avon, Lima and Livonia) and Ontario (Victor, West Bloomfield and Richmond).

Honeoye Falls-Lima’s vision is to create a learning organization that’s the centerpiece of the community. The District’s main focus is on teaching, learning and high standards.

A recent New York State Report Card showed HF-L students consistently outperform State standards, outperforming comparable districts throughout New York State. HF-L is at or above the 90th percentile among all New York State schools based on measures related to the rate of students passing Regents Exams and receiving Regents Diplomas. Drop-out rate is among the lowest in the area. Approximately 92% of HF-L graduates continue their education at two- and four- year colleges.

Russ Rossi, president of Quizam states, “Testing one’s knowledge in a variety of ways encourages a deeper understanding of all subjects. I’m pleased that Quizam will be part of HF-L’s curriculum and confident that it will help prepare students for final exams.”

About Quizam Media Corporation (www.quizam.com)

Quizam Media Corporation is currently launching sales of Quizam 2.0 Software, a compelling Computer-Based Assessment tool that utilizes time-tested quizzing methods to empower students to learn in an environment where their assessment is instantaneous and their learning curve is accelerated. Students that use Quizam learn faster and score

higher. Quizam's mission is to empower over a billion school-aged children and university students globally with relevant, effective and fun study aids.
